

WHEA SCHOLARSHIP

The scholarship will consist of the following three questions. Each question should be answered in 150-200 words.

- 1) Who or what inspired your decision to choose education as a profession? Please explain.
- 2) Why do you want to become a teacher?
- 3) What contributions do you believe you can make to education?

The scholarship will be available for high school seniors planning to major in education in college.

The deadline for the scholarship will be April 1.

The scholarship will be worth \$200.

The scholarship will be presented at awards night in May at the high school, but the funds won't actually be given until the student's second semester in college and will be given directly to the college.
